## Journeyperson Electrician

### Description

We are looking for a skilled and experienced Journeyperson Electrician to join our growing team in Winnipeg. Powertec is a growing company that offers advancement opportunities for the right candidates and provides a fun and collaborative workplace. The ideal candidate will have extensive knowledge of commercial electrical installations and maintenance. Some residential or service electrical experience is also an asset.

### Responsibilities

Electrical Service work.

- Lead small projects and supervise apprentices.
- Communicate with customers and other trades respectfully and professionally.
- Ensure workmanship is of high quality and complies with electrical codes
- Maintain tools, equipment, and vehicles in safe and proper working condition.
- Document work performed and maintain accurate records of installations, repairs, and inspections.

### Qualifications

Valid Journeyman Electrician certification in Manitoba.

- Minimum of 3-5 years of experience in residential and or commercial work.
- Strong understanding of electrical codes, safety standards, and regulations.
- Strong communication skills and ability to interact professionally with clients and colleagues.
- Valid driver's license and reliable transportation.
- Good attitude and respectful communication with apprentices and other team members.

### Job Benefits

Health, dental, and vision insurance.

- Great company culture with lots of team-building events.
- Opportunities for career growth and professional development.
- Safety boot allowance of up to \$200 per year, available after one year of employment.
